

Micron Technology to Host Media and Analyst Reception

November 26, 2007 at 12:00 AM EST

WHEN: Wednesday, November 28, 2007

WHERE: The Clift Hotel, 495 Geary Street, San Francisco, CA 94102

TIME: Breakfast served from 8:00 - 9:00 am; Executive presentations from 9:00 - 11:00 am PST

WHAT: Micron will host a media and analyst reception where the company's top executives will share their vision for the evolving NAND landscape including new opportunities in solid state drives and the next generation of NAND usage in consumer electronic and media devices. Micron will also unveil some product news at the event and will provide product demonstrations. The reception will wrap with an interactive executive Q&A session with the live audience.

WHO: Micron executives speaking at the reception include:

- Brian Shirley, Micron Vice President of Memory
- Frankie Roohparvar, Micron Vice President of NAND Development
- Dean Klein, Micron Vice President of Memory System Development
- Mark Adams, Micron Vice President of Digital Media

*Special Media & Analyst Instructions

The reception is by invitation only. Media and analysts wishing to attend, please RSVP in advance by contacting Kirstin Bordner, kbordner@micron.com or 208.368.5487.

For those unable to attend the reception in person, join us for a live listen-only [audio webcast](#) of the presentations, which will begin at 9:00 am PST.

Cameras will be allowed in the conference room for video or photographs during the reception.
